2015 : Education

- Plan and execute the 2015 meeting.
- Plan and execute three webcasts.
- Explore the concept and technology for virtual meetings.
- Seek member and non-member input into 2015 webcast topics.
- Maintain links (as possible) to INPTRA website from member and non-member regulatory authorities' websites.
- Evaluate current strategies and make changes as necessary to provide education to stakeholders.

2015 : Research and Resource Repository

- Monitor professional journals and seek input from members in sharing and posting pertinent research studies on the INPTRA website.
- Encourage PT regulatory authorities to share resources.
- In order to address international mobility (a founding charge), begin to dialogue concerning the feasibility and value of a common set of regulatory standards to address education, accreditation, entry-level competence and continuing professional competence.
- Evaluate current strategies and make changes as necessary to provide a research and resource repository.

Build the Membership Base and Retain Existing Membership

- Survey attendees at the 2015 meeting for need identifications, issues and possible assistance.
- At the 2015 meeting, solicit membership input into the INPTRA Goals and Strategic Plan.
- Explore funding one or two regulators from disengaged continents to the 2015 meeting.
- Market and communicate with members and potential members through multiple sources (i.e., webcasts, 2015 meeting, website, Internet, newsletter, etc.)
- Promote sharing of information between members.
- Increase organizational membership to 10 and maintain eight individual members by the end of 2016.
- Explore mechanisms that will facilitate regulatory authorities' interactions.

Organization and Financial Solvency

- **Review Bylaws.**
- **Maintain an effective & efficient Secretariat for INPTRA given the limited resources.**
- **Make minor redesign of website to make it more accessible.**
- **Seek increased funding support from key members and sponsors.**
- **Achieve 2015 operating budget.**
- **Provide quarterly financial reports to the Board of Directors.**

2015: Leadership

- Continue collaborative relationships with other associations of regulatory boards, professional associations, the academic community and other related organizations
- Provide consultation, technical assistance and training regarding regulatory processes to at least one country (via electronic means).

Small Group Discussion

- For each of the areas of focus, which initiatives does your group think are of most value?
- Beyond 2015, what additional initiatives would be beneficial to regulators around the globe?
 - What strategies should INPTRA employ to carry out these initiatives
