

## REGULATORY PROFILE

---

**Country:** Catalunya (Espanya)

### **Regulatory Model**

The practice of Physical Therapy is determined by the fulfillment of two requirements: holding a recognized title (diploma in Physiotherapy or graduated in Physiotherapy) and enrolling in the regional PT Board.

Autonomous Community Boards are competent for the regulation of the PT profession, furthermore education is an state competence to a university degree recognized by the Ministry of Education, Culture and Sports.

Foreign educated PTs wishing to work in Catalonia must apply for recognition to the Ministry of Education, however, European citizens can apply for a recognition of its European degree to the Health Ministry.
